

Intelinair Names New Territory Account Manager

INDIANAPOLIS - October 26, 2021 - Intelinair, the maker of AGMRI®, announced the addition of **LeAnn Bruns** as Territory Account Manager with sales responsibilities in Indiana, effective Oct. 25.

"I'm excited to be working directly with farmers and ag retailers helping them implement the latest technology to enhance productivity and improved production practices on family farms," said Ms. Bruns.

Ms. Bruns has more than 16 years of agricultural sales, product management and marketing experience. Most recently she served as marketing operations lead for Syngenta based in Indianapolis. Prior to that, she held various roles with expanded responsibilities in the areas of sales, marketing, supply chain and product management at Dow AgroSciences and Corteva Agriscience over 15 years. She earned her Bachelor of Science degree in Agribusiness from the University of Nebraska Lincoln and a Master of Business Administration in Organizational Behavior and Leadership from the University of Findlay. She was certified as a black belt in Six Sigma in 2017.

About IntelinAir, Inc.

[IntelinAir, Inc.](#), is an automated crop intelligence company that leverages AI and machine learning to model crop performance and identify problems enabling farmers to make improved decisions. The company's flagship product, [AGMRI®](#) aggregates and analyzes data including high resolution aerial, satellite, and drone imagery, equipment, weather, scouting, and more to deliver actionable Smart Alerts on specific problems in areas of fields as push notifications to farmers' smartphones. The proactive alerts on operational issues allow farmers to intervene, rescue yield, capture learnings for the next session, and identify conservation opportunities for sustainable farming. Annually Intelinair analyzes millions of acres of farmland, helping growers make thousands of decisions for improved operations and profitability.
